

IZBrunch

Science meets Science

NETWORK-
EVENT AT
THE IZB

Thursday, 21 July 2022 | 10.45 to 13.00

Welcome / Moderation

Dr. Peter Hanns Zobel, *Managing Director of the IZB*

Topic: News from the IZB

Speaker

Prof. Hanna Taipaleenmäki

Institute of Musculoskeletal Medicine (IMM), Musculoskeletal University Center Munich (MUM), University Hospital, LMU Munich

Topic: Novel targets to treat musculoskeletal disorders

Musculoskeletal diseases affect people from children to elderly. At IMM we investigate bone and muscle physiology and pathology combining molecular- and cell biology, pre-clinical models and patient care. Our approach to better understand the disease mechanisms and to identify novel targets to treat musculoskeletal disorders will be discussed during this IZBrunch.

Speaker

Dr. Jonas Helma-Smets

SCO Tubulis GmbH

Topic: Tubulis - Developing the next generation of Antibody-Drug Conjugates (ADCs) for targeted cancer therapies

Tubulis has developed a suite of complementary technology platforms for the discovery and development of a new generation of versatile and customizable antibody-drug conjugates (ADCs) for targeted cancer therapy. At the heart of our proprietary platforms are completely new conjugation technologies, that allow us to overcome the main limitations of ADC technologies to date.

Location:

Faculty Club G2B
At the Klopferspitz 21
82152 Planegg/Martinsried

Registration:

10.30 a.m. at the reception
